* Canadore College is at Nipissing University.

^a In previous years, a majority of the student drug plans did not list whether or not smoking cessation pharmacotherapies were covered. It was assumed that most prescription drugs were covered as stated in the Ontario Provincial Formulary. In Leave The Pack Behind's 2016 review of student drug plans, it has been noted that most of the institutions now exclude smoking cessation pharmacotherapies.

[†] Leave The Pack Behind records indicate that the policy was being updated by the institution; however, it does not appear to be approved/effective as of September 2017.
